# WHAT IS YOUR MEKORMA MICR?

## Clerk

The person responsible for building payments, printing checks and generating EFT files will love the smoothness of processing, especially if using 3 or more checkbooks.

- Use Blank or Pre-Printed Check Stock
- Easily Request Approval
- Unlimited Check Formats
- Easy Check Layouts

## Controller

The person responsible for protecting the company against loss and mistakes will appreciate the built-in security and workflow controls.

- Secure Approval Workflow
- Enforceable Signature Rules
- Signature Encryptions
- Passwords
- Familiar Interface Makes Learning Easy

## Executive

The executive will enjoy the peace of mind that comes with the best independently sold Microsoft Dynamics GP add-on.

- Audit Log
- Separation of Duties
- Maintain Signature Control
- Trusted by Over 4,000 Companies

Mekorma MICR provides secure payment processing including automatic check-signing, company-specific rules and, of course, MICR check printing. Learn the many ways Mekorma MICR can strengthen your accounting workflow. Contact your partner or visit Mekorma.com to request a demo and pricing.
